

# RELEASE

anti graffiti

Endura Release anti graffiti is a highly cross-linked polyurethane coating designed for maximum surface protection. With outstanding resistance to chemicals and excellent color retention Endura Release's non-stick, highly abrasion-resistant surface make it an ideal choice for use in public areas, in schools and playgrounds as well as on signs and public buildings.

Graffiti contributes to lost revenue associated with reduced ridership on transit systems, reduced retail sales and declines in property value. In addition, graffiti generates the perception of blight and heightens fear of gang activity" reports the U.S. Department of Justice\*
